Re: Upper Reservoir Dam #108.06 in Hanover
Letter of Deficiency (LOD) DAM #108.06
Issued on January 28, 2004

Dear Mr. Ware:

Based on a file review, our May 31, 2006 site evaluation that was complete due to the May 2006 flooding event, and your July 27, 2006 response which supported full compliance as it relates to the flashboard pin design, the Department of Environmental Services has determined that the referenced LOD is considered complete and will be closed. Enclosed is a copy for your reference.

If you have any questions or comments, please contact me at 603-271-3406 or write to the Water Division at the address listed below.

Sincerely,

Steve N. Doyon, P.E.
